

GENESIS BANK

Why Bank with Genesis?

At Genesis Bank, you have a dedicated team of bankers who you know and who all know you and your business. Consolidating your accounts at Genesis allows you to build long-term, valuable, trusting relationships.

The Benefits of Consolidating Your Accounts with Genesis Bank:

Relationships

At Genesis Bank, you have a dedicated team of bankers who you know and who all know you and your business. Consolidating your accounts at Genesis allows you to build long-term, valuable, trusting relationships.

Your team of Genesis bankers includes:

- Team members dedicated to assisting you with your day-to-day operational banking needs.
- Highly seasoned and skilled credit and treasury management professionals who proactively familiarize themselves with your business, then bring brain power and thoughtful idea generation to help you achieve your short and long term strategic financial objectives.
- You and your business will have direct access to, and support from, Genesis Bank's senior executive management team – a team committed to helping create new business opportunities for you and your business by introducing you to our extensive network of partners and clients.

Genesis Bank is proud to of its designation as a Minority Depository Institution (“MDI”), and one of only two diverse, multi-racial MDIs in the United States. It is our mission to ensure the success of our clients and the communities we serve. As part of this objective, we have launched the Genesis for Good Foundation to raise and deploy funding benefitting nonprofits in Los Angeles, Orange County, San Bernadino and Riverside.

Convenience

Transferring from one account to another or making loan payments can be done in one place, ensuring speedier transactions. With the convenience of our online and mobile banking capabilities, all your financial tasks can be done in a single place, saving you time and with much less paperwork.

Transparency & Efficiency

Having your accounts in one place also allows for clearer, more comprehensive management of your finances. You and your team will be able to work side-by-side with your dedicated Genesis Bank team to design the best custom solutions that will enable your entire family of businesses to reconcile with ease. The sub-accounting and roll-up capabilities of Genesis Bank's cash management platform allow you and your team to access the full power of a secure technology solution at your fingertips, anytime you want.

Reduce Your Risk

Consolidating your accounts allows you to identify any fraud or theft more quickly. Our security solutions allow you to control which checks and ACH transactions pay or do not pay by sending you real-time alerts, allowing you to make fast decisions on questionable items. Our online solutions also allow you to customize your employees' access by determining who can access which accounts, who has permission to move funds, and when employees can access the system by restricting online banking to days and times you determine. Consolidating your operating accounts also reduces the risk of fraud by letting you easily see all your business accounts in one place while staying organized with master and sub-accounts, as well as enabling you to sweep funds automatically from sub-accounts to protect your assets.

GenTeck™ Connect Capabilities

- GenTeck Connect – Genesis Bank's Treasury Management & Depository Services Platform – is powered by Genesis Bank's groundbreaking combination of best-in-class technologies, tightly integrated to give clients a seamless, digital first, and transparent experience featuring end-to-end straight through processing to access lending, depository, and cash management solutions.
